

LEVEL UP.

Up your welding game with our best Sentinel yet.

SENTINEL™ A60

**SENTINEL A60 IS ONCE
AGAIN AHEAD OF THE GAME –
AND TAKING YOUR WELDING
TO THE NEXT LEVEL.**

WITH A WIDER, CRISPER
VIEW OF YOUR WORK AREA,
YOU'LL IMPROVE THE QUALITY,
SPEED, AND EFFICIENCY
OF YOUR WELDS.
AND YOU'LL DO IT ALL
IN THE COMPLETE
COMFORT AND STYLE
THAT ONLY SENTINEL
CAN DELIVER.

UPGRADED OPTICS.

Since Sentinel A60 was built with better vision in mind, you're going to love what you see.

- **40% larger viewing area** (4.65 in. x 2.80 in.) for an expansive look at your workspace
- **Reengineered ADF delivers a perfect 1/1/1/1 EN optical clarity at every angle**
- **Ultra-clear, true-color lens** that reduces eye fatigue and helps identify changes and impurities in the arc
- **3/5–13 shade range** adjustable in half-value digital increments to fine-tune your view
- **Four hyper-acting arc-detection sensors** for automatic light recognition in any work environment

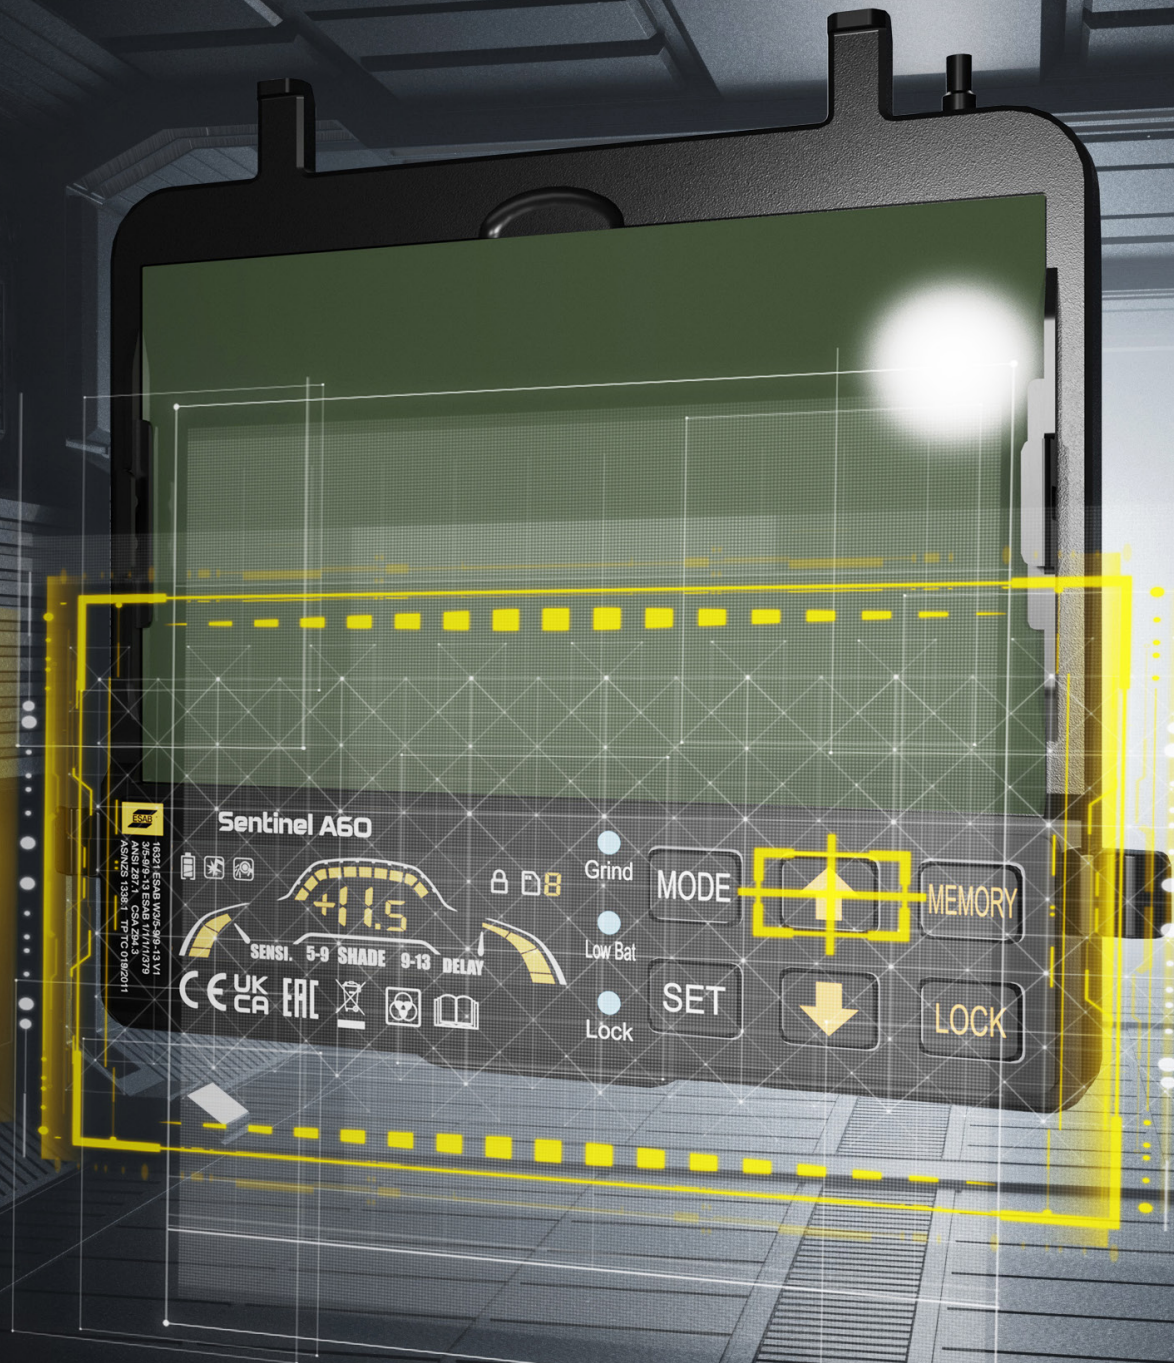

**40% LARGER
VIEWING AREA**

NEW INTERFACE UNLOCKED.

The control you need to improve your welding game is right at your fingertips.

- **Bright, dual-color LED display** for easy viewing in low-light conditions
- **New graphical meter** for sensitivity and delay settings
- **Carefully spaced push buttons** that work easily with gloves
- **Up to nine programmable ADF memory settings** to quickly save and access welding profiles

ERGONOMICS ELEVATED.

Any job is easier to tackle with advanced functions designed with you in mind.

- **External grind mode button** for easy activation
- **New shade-lock feature** to override ADF and keep hood in darkest state
- **Replaceable ADF battery** with solar backup
- **Internal warning lights** for grind mode, low battery, and ADF shade-lock

COMPLETE **COMFORT** ACHIEVED.

With Sentinel A60's signature shell design, you're the only one who won't notice you're wearing it.

- **Infinitely adjustable HALO™ headgear** that balances weight across the shape of your head
- **Rounded, low-profile shell** for better clearance in tight areas
- **Large outer protective lens** offered in high-contrast clear and amber tints
